

OKAVANGO - CHITABE CONCESSION

Classic Wilderness Camp

Chitabe Lediba is located on the other side of the same island as its sister, Chitabe Camp. A smaller camp, accommodation consists of five spacious Meru-style tents, built on raised decks and with the same luxurious interiors and tasteful style as Chitabe. En-suite bathrooms complement the outdoor shower with a view. There are two family tents, with adjoining bedrooms and en-suite bathrooms.

A dining area, lounge and pool have glorious views over the surrounding floodplains and a small *lediba* (remnant lagoon waterhole), where game comes to drink during the day.

Wildlife viewing is the major activity at this camp, whether on walks, or day and night game drives in open 4x4 vehicles, accompanied by an experienced guide. Two hides can be used as a “sleep out” experience as well as a game viewing platform during the day.
