

SELINDA CAMP

LINYANTI - SELINDA CONCESSION

Classic Wilderness Camp

Selinda Camp overlooks the Selinda Spillway, a unique waterway that links the Okavango Delta with the wildlife-rich floodplains of the Linyanti Marshes. The camp's nine Meru-style tents were completely rebuilt in 2007 and are tucked away into the natural vegetation with wonderful views of the palm-studded floodplains out front. Each tented room has an en-suite bathroom and veranda. The main area is attractive, cool, under thatch and comprises dining, lounge and bar areas with spectacular views. The open air deck has served many memorable dinners over the years under the stars. Set apart from the main area is the photo and art gallery built above the camp's wine cellar. Guests enjoy the cooling plunge pool and the traditional campfire.

Daily activities revolve around guided morning, afternoon and night game drives in custom-built 4x4 Land Cruisers, boating, hides and fly-fishing. Nature walks accompanied by an armed guide are a Selinda speciality.
