

## OKAVANGO - ABU CONCESSION

### Premier Wilderness Camp

Villa Okavango offers a family or two couples the experience of enjoying a luxurious home in a wilderness setting. The villa, on the opposite side of the lagoon to Abu Camp, has two large en-suite bedrooms, one with a magnificent four-poster bed and the other with two comfortable sleigh beds. The spacious main tent – in Afro-Bedouin style – has a superbly appointed lounge, library and dining room. Magnificent trees shade the multi-level teak decks which afford views of the lagoon with its resident hippos or the surrounding bush with animal and bird life. There is a small plunge pool.

The emphasis at Villa Okavango is on privacy and luxury in the heart of the African bush. There is a resident chef and staff, while the expert guide organises game viewing trips, night drives or expeditions on the numerous waterways of the Okavango in a mokoro, the age-old craft of the people of the area.

#### FACILITIES & ACTIVITIES
