

DAMARALAND CAMP

KUNENE - TORRA CONSERVANCY

Classic Wilderness Camp

Damaraland Camp is situated in the Huab River in one of the best wilderness areas in Namibia, offering endless vistas across stark plains, ancient valleys and soaring peaks of the Brandberg Mountains. Ten large en-suite, adobe-style thatched units are raised off the ground, each with a walk-in bathroom and a large deck on which to sit and contemplate the desert. The spacious living area comprises a dining area, bar, swimming pool. New technology combined with ancient knowledge has produced an eco-friendly yet high-performance design in this unique camp. An open campfire and outdoor 'boma' are enjoyed during calm evenings and stargazing is superb, thanks to the crystal-clear night skies.

Activities include nature drives, walks and mountain biking, during which guests can see species such as desert-adapted elephant, gemsbok, kudu and springbok, and black rhino as well as rare succulent plants. Damaraland Camp is the result of a joint venture partnership between Wilderness Safaris and the Torra Conservancy.
