

# DESERT RHINO CAMP

## KUNENE - PALMWAG CONCESSION

### Classic Wilderness Camp

Desert Rhino Camp offers an original and exclusive wilderness experience and the possibility of seeing some of the largest free-ranging population of desert-adapted black rhino in Africa. The camp, set in a wide valley sometimes flush with grass, has eight large Meru-style tents with en-suite bathrooms. A tented dining and living area offers uninterrupted views of the desert and mountains, while extraordinary welwitschia plants dot the plain in front of camp.

Activities include rhino tracking on foot or by vehicle with Save the Rhino Trust trackers, full-day outings with a picnic lunch, birding and nature drives. Other species in the area include Hartmann's mountain zebra, giraffe and lion. Desert Rhino Camp is run in conjunction with Save the Rhino Trust (an NGO responsible for the conservation of the black rhino in the area) so in addition to gaining amazing insight into the ecology and conservation of this area, a portion of guest revenue goes to the Trust and its conservation operations.
