

SOSSUSVLEI WILDERNESS CAMP

SOSSUSVLEI - KULALA WILDERNESS RESERVE

Classic Wilderness Camp

This camp, built close to the top of a mountain with spectacular vistas of the desert, comprises nine superbly appointed chalets on raised wooden decks. The bedrooms and en-suite bathrooms have panoramic views of the surrounding plains and dunes in the distance. The thatched main area has an outdoor deck where guests enjoy sundowners or dinner under the stars, while breakfasts are sometimes served under camel thorn acacias amongst the dunes. The clear African night skies are viewed through a powerful telescope from the stargazing platform.

The camp offers easy access to Sossusvlei as well as privacy and exclusivity, so early morning excursions to the dunes and the vleis are most popular. Activities also include early morning ballooning (at extra cost), guided walks and scenic nature drives.
