

BUSANGA BUSH CAMP

KAFUE NATIONAL PARK - BUSANGA PLAINS

Classic Wilderness Camp

Busanga Bush Camp lies in the heart of the Busanga Plains, a vast mosaic of expansive, grassy seasonal floodplains that extends to the horizon. The camp, nestled in a vegetated island of fig trees, can accommodate eight guests in four well-appointed tents. The lounge and bar area is under canvas looking out over the plains; breakfast is often served here to take in the view of herds of lechwe and puku. The dining area lies under the shady canopy of a majestic tree from which an unusual lantern chandelier hangs, romantically lighting up dinner; all meals are served in the open air.

Activities include game drives, walking safaris and night drives, led by qualified guides. Thanks to the rising mist off the floodplains as they dry up in winter, guests can experience incredible sunrises and sunsets, with the sun a spectacular pink colour, while the floodplains and dambos teem with wildlife and birds.
