

THE GREAT MALAWI JOURNEY

MALAWI

A Discoverer Exploration - Ten nights/Eleven days

The Great Malawi Journey offers a sublime blend of different experiences, including Malawian culture, scenic and historical aspects of the country as well as a wonderful perspective of southern Malawi and the Great African Rift Valley, from its evocative Lake to mighty inselbergs, woodlands, grasslands and forests. Activities include boat trips, game drives, hiking, snorkelling, bicycle trips to local villages, horse riding, kayaking, wildlife viewing and community projects. The fascinating Malawian culture and history, guided by local guides, creates a well-rounded experience and the “journey between” is an important aspect: along the road, guests gain authentic insight into the country: friendly people, superb scenery, and there is always something of interest to stop off and see. The transfer between Zomba and Mulanje mountains is one of the great “drives of Malawi” through the tea fields of Thyolo, combining stunning scenery, cultural activities and birding.
