

BOTSWANA

A Discoverer Exploration - Three nights/Four days

The Kalahari Desert produces scenes of shimmering mirages, springbok herds, stately gemsbok and regal black-maned lion. All this can be seen in the Central Kalahari Game Reserve, one of Africa's largest protected areas. Game drives explore the areas surrounding the shallow pan systems and isolated waterholes. Islands of stunted acacia dot broad savannah and provide shade for predators such as cheetah and lion, while specialised desert species such as meerkats and springbok thrive on the plains. This short Exploration unlocks the fascinating wildlife treasures found in this wonderful area and San Bushman experiences provide insights into the distinctive culture of this fascinating people. This Kalahari safari provides a perfect contrast to the Okavango and Linyanti regions and rounds off the diversity of northern Botswana.

BRIEF ITINERARY:

Days 1: Depart by road from Maun to Deception Valley Lodge

Days 2 & 3: Game transfer to Kalahari Plains Camp, Central Kalahari Game Reserve

Day 4: Road transfer back to Maun

Please note: This short, exciting Kalahari Exploration is also recommended as an important add-on to Migration Routes or a lodge-based itinerary through the Okavango and Linyanti.
